

Funding & partnership

# Funding Ask Summary

A concise 1–2 page overview of KV Smartflow's funding requirement, use of funds and expected outcomes.

|                       |  |
|-----------------------|--|
| Funding range         | £50,000–£250,000                               |
| Implementation window | 8–16 weeks                                     |
| Delivery model        | System-led (SOPs, QA gates, decision matrices) |
| Geography             | Northampton (West Northamptonshire focus)      |

Prepared: 13 January 2026 • For grant bodies, lenders and strategic partners

## Funding requirement

KV Smartflow is seeking grant funding (or blended grant + finance) to accelerate capacity, strengthen local supply resilience and scale BIM-enabled delivery.

- **Typical ask:** £50,000–£250,000 (grant-led or blended).
- **Implementation window:** 8–16 weeks from approval.
- **Location focus:** Northampton (West Northamptonshire).

## Use of funds (example)

- Digital delivery: BIM software, hardware and QA tooling; secure BIM schedule upload and evidence pack workflow.
- Operational tools: testing equipment, calibrated instruments, safety kit and compliant storage.
- Premises enabling: racking/shelving, signage and fit-out enabling works (delivery base / trade counter model where applicable).
- People and skills: training, certifications, and early hires to increase throughput and quality control.

## Headline outcomes

- **Capacity:** deliver more projects with consistent QA and clearer evidence trails.
- **Speed:** reduce programme and rework through BIM coordination.
- **Compliance:** governance, ESG and audit-ready delivery documentation.
- **Jobs:** create local employment and skills pathways in West Northamptonshire.

| Measure               | Target (illustrative)                                 |
|-----------------------|---|
| Programme adherence   | Improved on-time delivery through better coordination |
| Rework / defects      | Reduced snagging and repeat visits                    |
| Response time         | Faster call-out and planned maintenance completion    |
| Local jobs & training | New hires and structured training hours delivered     |

Next step: share the scheme criteria (ticket size, eligible costs, deadlines) and we will map the budget line-by-line to funder requirements.
